VOL. NO. 9

LOMOND, ALBERTA, FRIDAY, OCT. 1, 1920

\$1.00 PER YEAR.

NOTES

Gasolene made another jump this week. Sixty-five cents per is now what it costs to fill up the tank on the fliver. Isn't it funny that the price of gasolene does not fluctuate like wheat?

o o o

The people of Lomond have been facing a water shortage—as well as a money shortage for some of us. J. C. Jensen who has had the town contract for a year or more has been working against a shortage at the source of supply for some time and gave up the route on the first of October. Hedges & Hesketh have sunk a well on the Bannen farm a mile north of town and have taken on the job. Even if the flow holds out they will have a hard time getting caught up with the demand. There are rumors of competition in the business, if so, the water market may go the same road as wheat.

o o o

The folly of taking things for

granted and drawing our own conclusions is aptly demonstrated by the result of the recent purchase by the Bank of Hamilton of the G. D. Salter building. Mr. Salter has possession till May 1st. and has other premises available for that date. The Lomond people are highly interested in their line-up of stores and no one would like to see a break just now.

o o o

Now that everyone has let the keen excitement of irrigation wear away, Premier Stewart comes along with the announcement that the problem of irrigation finance would probably be solved at the next session of the legislature so that construction could be commenced next year.

o o o

The Bolshevik and Irish problems appear to have died a natural death. When an Irishman can live for a couple of months without grub, why should we worry about the high cost of living.

The Navy League of Canada is arranging for a general appeal for funds to assist them in their work. \$100 has been allotted to the committee at Lomond to raise. The Navy League has a legitimate right to appeal to the people of Canada as its calendar of service will bear the closest scrutiny. Between eight hundred and a thousand boys whose fathers were killed in the war are receiving educational advantages through the work of the League. So, if can be only a dollar or less, do not

turn the canvasser away "cold".

CARD OF THANKS

Mr. and Mrs. Wm. Hill, of Kinnondale, desire to publicly express their thanks for the sympathy and assistance so freely extended toward them during their recent bereavement.

o o o

A. Hayr, D.D.G.M., paid an official visit to the Lomond Masonic Lodge on Monday. He was accompanied by Mr. Long and Mr. Harris of Nobleford. The local members spread a great feast for the occasion. Mrs. Walkey entertained at her home in honor of the female members of the visiting party.

o o o

McNaughton, the telephone contractor, was in town this week. The work of installing the rural phones will be commenced next week.

o o o

Chris Uswell has been in the Lethbridge hospital having the bone of his injured leg reinforced by the attaching of a silver plate.

o o o

The Lomond train is now scheduled to arrive at 7:40 instead of 6:30 as was the former time table.

o o o

Mr. and Mrs. D. McBain leave for their home in Ontario this week, after spending a month or two with their daughter, Mrs. J. S. Paisley.

o o o

Miss Totz left this week for North Dakota after a year's sojourn with her sister, Mrs. Maronda.

o o o

Hugh McIntosh is moving his hay baler to Coaldale, where he has taken on a five thousand ton run.

Responsible Conveyancing

Do not leave yourself unprotected for the sake of a dollar or two. A properly drawn up lease, transfer, agreement of sale, will form, etc., may mean hundreds of dollars to you and your estate. We know how to do this work and can relieve you of all the trouble and worry when we take on the job.

NOTES

The Western Canadian grain grower is beginning to open his eyes to the fact that he is one blind boob. Early in the season the government awaited a distinct demand before authorizing the continuation of the Wheat Board. None was forthcoming, for Mr. Grain Grower was suffering from the illusion that he had been legislated against and that he had not been getting the highest price going for his wheat. So, the grain market went back into the old pre war channels. Everything was rosy till prices began to tumble and then the howl went up loud and long.

There is getting by the fact that our system of marketing grain is one of the rottenest features of our present economic organization. The grain men study the psychological effect of certain market trends upon the farmers as a whole and the same of gag is worked year after year with the same costly results—to the farmers at least. The nerve tension of a tumbling wheat market is too much of a strain for the average farmer to stand.

To say that the price of wheat is governed by the actual supply and demand on the world's

supply is to sail away on the heights of fancy. Statisticians can tell within a few million bushels the world's actual supply, and at the same time they tell us the world's supply is considerably short of normal. Yet the world's buyers are not absorbing the wheat fast enough to make the market hold. Private finance cannot handle the crop when the rush season is on without disastrous results to the producers. The creation of a national pool would no doubt go a long way toward solving the problem.

o o o

Some of our readers have taken exception to our attitude on the prohibition question. If they want to vote wet, they still retain that privilege. If we felt that prohibition is the best thing for the people as a whole we are going to urge our sentiments before you. Cast your ballot anyway, and let the results at the poll be a true expression of the will of the people.

What is

Tailoring?

TAILORING is the feature that puts the style into your clothes and keeps it there. It is not necessary to have tailoring in order to have a garment made strong. It may not be necessary to have tailoring in order to get a fairly good fit. A modern machine with good thread will sew strong enough to out-wear most any cloth. If the cloth is cut to your measure it will make a fair fit. But the man of to-day wants something more. He wants **STYLE!** Not a fad or a freak---but a style that will express a personality, and that will endure. That is the feature that must be tailored into the garment by the hands of tailors.

During the next few days we will receive a large consignment of Men's Clothing, some suits made ready to jump into, others semi-ready that we fit to your measure in a few hours. Then we have a large range of samples you may select from, and we have your suit tailored to your measure by the House of Hobberlin. Fit and satisfaction guaranteed or your money back.

"WHAT WE DO WE DO WELL"

.. LOCALETS ..

The Lomond U.F.W.A. will hold its next regularly appointed meeting at home of Mrs. H. W. Burne on Wednesday, Oct. 6th. All ladies interested are cordially invited to attend.

L. H. Phillips made a business trip to Calgary the first of the week.

Father Damery, Jim Blake and Gus are opening up a bachelor establishment in the Donily residence.

Mrs. Wm. Benson of Spokane, accompanied by her father and mother and brother of Champion, called on friends at Lomond on Sunday.

It is reported that Ed. Lacquement's injured leg is healing nicely without complications, but that amputation is being considered owing to the fact that the severing of the nerves he will not be able to use this member to any advantage.

O. T. Sande is reported to have a record yield of wheat for this district, his wheat going from twenty-six to twenty-seven bushels to the acre.

Among the Lomond visitors in Lethbridge this week were Johnny Holo, Dr. Walkey, Chas. Geyer, Mr. and Mrs. Jas. MacQueen, Mr. and Mrs. John McKinnon, and the editor.

Mrs. G. V. Couper spent a few days visiting friends in town this week. She

and G. V. returned from England a few weeks ago and will probably take up farming again in the Lethbridge district.

W. A. Teskey is making delivery of two new Fords this week, one to the Bank of Hamilton and one to Bobbie Moir.

W. H. Smith has voluntarily resigned from his appointment of Justice of the Peace, and from now on will be content to let the troublesome world go by.

The Lomond post office is being transferred to the Standard Bank building to occupy part of the floor space now used by the Lomond Press.

H. F. Burne is spending a few days on a business trip to Gleichen in Calgary. Perhaps he too is figuring that two can live as cheaply as one, and a lot more comfortable.

The Central Political Committee of the U. F. A. have made definite plans for staging a membership drive to cover the whole province the first week in November. Manitoba and Saskatchewan have completed arrangements for a similar drive for exactly the same time. Therefore, this drive will extend throughout the three prairie provinces during the first week of November. The object throughout the drive in each province will be the same—to collect the sum of six dollars from every farmer in the province, and to make every farmer and farm woman, farmer's son and farmer's daughter, a member of the U.F.A. and U.F.W.A. and political members in good standing, and to place the official organ in every farm home. The plan is that one dollar out of each six will go into a central organization fund, out of which all expenses of the drive will be paid. This drive is to be self-supporting. It is to be paid for entirely out of the proceeds of the drive, but it is planned that the local, district political association, and central, will each receive one dollar net from the membership subscriptions. Last year the decision to take political action and the large district conventions in every constituency aroused great enthusiasm. Ten thousand new

THE season's work is drawing to a close, the crops are all harvested and you are able to see the results of your labor. This is the time when you begin to take stock of your worldly goods and to make plans for next year.

You should not delay the purchase of a Ford Car another year. If you look back over this year's work you will be able to see how many hours and days a Ford Car would have saved you, how many long and tedious journeys would have been shortened and how many costly delays would have been avoided.

And when next Thanksgiving Day comes around you will be truly thankful that you invested in a Ford.
